

Foster Mama Ashley ~ Percy - My new husband and I have fostered dogs for awhile now, but recently had the privilege of fostering a 16 year old poodle named Percy. His owners dumped him at the pound because he was old. I knew when we got him that he was going to be a part of our family, and we ended up adopting him. I couldn't bear the thought of him going to another home, especially when he was so old and happy with us.

Yesterday, he went to the rainbow bridge, but he died like all dogs deserve ~ safe & loved, with his family around him. He really had a great time these last few months; he loved McDonald's cheeseburgers and sleeping in our bed. He will always be a member of our family. RIP Percy
