

Foster Mama Diana ~ Lucky - On Valentine's day last year, the Chihuahua Rescue of San Diego received an email from a good soul named Allyson. She explained that she'd gone to a garage sale & there was a young male Chihuahua with a \$20 sticker on him. She thought it was a joke. It wasn't! They had recently gone out and bought a young lab puppy and now had 'too many dogs so they wanted to get rid of Lucky.' Allyson is involved... in rescue & knew that she had to take Lucky home with her. He went into foster care with Foster Mama Diana....she fell madly in love with him and he never left.

Diana & Lucky crossed my mind yesterday & I emailed her.

Here's the update ~ "Lucky and I are doing great . We moved to Naples Italy and he is the king of the hotel right now. Everyone wants to pet, hold and play with Lucky and he is loving it! He's making new friends here and maybe learning to understand Italian! We volunteer with animal rescue organizations and hospice care. Italy has very poor shelters and conditions for dogs. In the month of August, lots of Italian families set their dogs to the streets because of their vacations. It's hard to see all this, but I'm still trying to donate, sponsor and hopefully foster soon. We love it here and Lucky has already had a blast traveling to Rome and Amalfi ."

Check out Lucky at the Colosseum. He went from being unwanted at a garage sale to livin large in Italy. Gotta love it!
